

## 算数オンライン塾 10月15日の問題解説

---

$$\text{ア} + \text{〇〇〇} + \bullet\bullet\bullet = 180 \cdots \text{①}$$

$$\text{イ} + \text{〇〇} + \bullet\bullet = 180 \cdots \text{②}$$

$$\text{ウ} + \text{〇} + \bullet = 180 \cdots \text{③}$$

$$\text{イ} + \text{ウ} = 253 \cdots \text{④}$$

$$\text{②} + \text{③}$$

$$\text{イ} + \text{ウ} + \text{〇〇〇} + \bullet\bullet\bullet = 360$$

$$\text{〇〇〇} + \bullet\bullet\bullet = 360 - 253 = 107$$

$$\text{ア} = 180 - 107 = 73$$

(答え) 73°
